Dutchess County Youth Council 2019-2020

Meet high school teens from all over the county.

Monthly gatherings during which the youth will discuss, plan and execute a variety of community service projects as well as receive training in leadership and facilitator skills, public speaking and other areas of interest.

Opportunities to attend conferences and lectures dealing with youth issues. These symposiums not only teach youth how to advocate for young people, they will help teach about grant writing and program planning as well as offer the proper training to sit on advisory boards. With that there will be opportunities to speak to adult groups about how young people feel about important societal issues.

As the students participate in varied council activities, they forge new friendships, learn new skills and enjoy giving back to their community.

The applications are due to the Division of Youth Services by **November 22, 2019; however we are accepting applications now so that we can register the youth to begin in **September**.**
